On July 22, 2011, Anders Behring Breivik killed 77 young people in a twin terror attack, and was judged to be sane by a Norwegian court, as he was sentenced to 21 years in prison. He was charged with voluntary homicide and committing acts of terror. He said he acted out of 'necessity' to prevent the 'islamization' of his country. He was sentenced to the maximum possible term of 21 years and was ordered to serve a minimum of 10 years in prison.

Recently, he sent a letter to Swedish and Norwegian media saying that since September 2, he has been confined to a single cell which he can only leave for one hour a day. He also complains of being given less communication time with prison staff. He wrote 'Unless the 02/09/15 escalation is reversed, I will eventually continue the hunger strike until death. I cannot stand anymore.' he was 'admitted a place' on a political science degree at Oslo University earlier this year, allowing him to study from his cell but prohibiting any contact with staff or students.

Last year, Andres Behring Breivik wrote a letter threatening to go on hunger strike until 'he got a Playstation 3', a more comfortable chair and a bigger allowance, saying his life was 'hell' otherwise. He had also fired off complaints about his blankets, his coffee, his rubber safety pens and his view from the prison window (nydailynews)

Lisbeth Kristine Royneland, the mother of a girl of 18 killed by Andres Breivik, said that families of his victims felt 'no sympathy at all'. She added 'He has the hardest sentence that Norway can give and he has to be treated accordingly' and 'He has very strict treatment, because his sentence has said that he's a danger to himself and other inmates.' (Telegraph)

Bjor Ihler, a survivor of the Utoya Island massacre said 'It's been an amazingly difficult process. It's been a constant, constant reminder of why we have to fight extremism in every way possible.' He added 'There are extremist people around, they are not insane, and we have to be able to take a proper debate with them.' (CNN)

Andres Behring Breivik wrote a Manifesto 'A European Declaration of Independence' London, 2011.

As introduction, we can find the following :

'After years of work the first edition of the compendium '2003 "" A European Declaration of Independence' is completed. If you have received this book, you are either one of my former 7000 patriotic Facebook friends or you are the friend of one of my FB friend. If you are concerned about the future of Western Europe you will definitely find the information both interesting and highly relevant.'

'Much of the information presented in this compendium (3 books) has been deliberately kept away from the European peoples by our governments and the politically correct mainstream media (MSM). More than 90% of the EU and national parliamentarians and more than 95% of journalists are supporters of European multiculturalism and therefore supporters of the ongoing islamic colonisation of Europe ; yet, they DO NOT have the permission of the European peoples to implement these doctrines.'

'The compendium, - '2003 "" A European Declaration of Independence' "" documents through more than 1000 pages that the fear of

Islamisation is all but irrational.

It covers the following main topics :

- 1- The rise of cultural Marxism/multiculturalism in Western Europe.
- 2- Why the Islamic colonization and Islamisation of Western Europe began.
- 3- The current state of the Western European Resistance Movements (anti-Marxist/anti-Jihad movements).
- 4- Solutions for Western Europe and how we, the resistance, should move forward in the coming decades.
- 5- + Covering all, highly relevant topics including solutions and strategies for all of the 8 different political fronts.'

'The compendium/book presents advanced ideological, practical, tactical, organisational and rhetorical solutions and strategies for all patriot-minded individuals/movements. The book will be of great interest to you whether you are a moderate or a more dedicated cultural conservative/nationalist.'

'The content of the compendium truly belong to everyone and is free to be distributed in any way or form. In fact, I ask only one favour of you ; I ask that you distribute this book to everyone you know. Please do not think that others will take care of it. Sorry to be blunt, but it does not work out that way. If we, the Western Europe Resistance, fail or become apathetic, then Western Europe will fail, and your freedom and our children's freedom with it... It is essential and very important that everyone is at least presented with the truth before our systems come crashing down within 2 to 7 decades....'
